TWITTERCHAIN

WHITEPAPER V1

twcbsc.com

INTRODUCTION

TwitterChain is a decentralized blockchain application with advanced integrations to be the smartest and scalable system. We aim to be the fastest block system to in crypto across the world. $TWC Token will be the core token that will be used in all TWC platform.

DISCLAIMER

User information on the site evaluated at its own risk. Cryptocurrency market involves high risks. Many blockchain applications are experimental. Working in a decentralized way It is a technology that is maintained and developed by volunteer developers. Although some applications have reached high market values, there is no guarantee of continuity.

This for reason; We want you to know that you accept all responsibilities if you make an investment and that the TwitterChain Token $TWC team will not be responsible for any material and moral damage that may occur.

MISSION

Our vision is to create the most scalable blockchain ecosystem with many utilities that boost user experience in blockchain world.

We're building the future of finance. Blockchain is the most trusted and fastest growing crypto company, helping millions across the globe – from single individuals to the largest institutions – have an easy and safe way to access cryptocurrency.

VISION

We aspire to improve our world and everyone's lives with the adoption and use of blockchain technologies. We aspire that governments and businesses will be more efficient, effective and responsive – and, that the individual members of society will be the primary beneficiaries.

We believe in the near future of blockchain ecosystem and aims to be the most scalable and fastest blockchain.
